CARDBOARD GASOLINE CONTAINERS PROHIBITED

The recent development of cardboard gasoline containers has prompted the NH State Fire Marshal's Office to investigate the compatibility of these types of containers with regard to compliance with the NH State Fire Code. As a result of this investigation, NH State Fire Marshal J. William Degnan has ruled that the containers do not meet the requirements of the NH State Fire Code and are therefore prohibited from being sold in New Hampshire. Anyone with questions regarding this decision may contact our office at 603-271-3294
