Practical Applications of Incident Command

Congratulations to Capt. Tedcastle
on receiving the Select Board's
August's Employee of the Month

Website changes underway

Watch for changes to the Fire and Rescue Service section of the Town website - www.pittsfield-nh.com/fire. Lt. Abell has been working with a website representative and will soon begin managing the fire/rescue section. If there's any content you'd like to see added, please speak with Lt. Abell or June.

A department roster is posted on the website and includes email addresses of those who choose to have it listed. Please review the list posted on the bulletin board. If you'd like your email address added or removed, please let Lt. Abell or June know.

Happy Birthday
