

## **Resident Privacy Policy**

The Pittsfield Website Committee has adopted an innovative position on protecting the privacy rights of the residents. Unless specifically requested by an individual, the residents' names and addresses will not be available on the Website. All title and deed information will be base on address only with the resident's name(s) excluded. Any person who would like this information per their right under the "Right-to-Know" Law (RSA 91-A) is required to go to the Town Hall. We are sorry for any inconvenience as a result of this policy and encourage you to send any comments for review.
